

Do you need direction to your benefits?

Ask your Transition Assistance Advisor (TAA) to show you the way!

As your TAA, it is my job and my honor to be your personal liaison and advocate. I will assist with questions or concerns you may have, as together we access the myriad of veteran services and benefits available to you.

The TAA position is a strong focus in the Delaware National Guard. Over the past ten years the programs and assistance the National Guard provides has increased dramatically. We have greatly expanded our resources and abilities to support our Delaware Heroes from all service branches and their Families.

Allow me to aid you in navigating assistance in areas such as:

*Financial
Employment
VA Health Care
TRICARE
Legal
Relocation Assistance
Retirement
Pre and Post deployment*

*Pre Separation
VA Disability and Pension
Education/Training

Your TAA will help you cut through red tape. We provide information and assistance to Service members and their families to help them understand and access their benefits. The TAA coordinates with VA, TRICARE and Veteran Service Organizations to assist you and your family during the post deployment period. The TAA can help research and resolve issues associated with entitlements whenever you or your family members encounter problems. Your TAA can help you develop your Individual Transition Plan as you prepare to separate from Service. And it doesn't stop there, the TAA is here to help our Delaware Army and Air National Guard retirees and veterans from all services with guidance and direction. We want to be your problem solver.
